THE MOST COMFORTABLE CAP **YOU WILL EVER WEAR**

PUSHING THE BOUNDARIES OF CAP INNOVATION

AJM is proud to be at the forefront of headwear innovation. ONE TOUCH® caps are revolutionary: they are completely seamless! This patented technique uses one continuous piece of fabric, eliminating the need for panels & seams.

With no more panels or seams to deal with, applying any finishing to the ONE TOUCH® caps will significantly improve as there is a larger, smoother surface to work with.

Most importantly, ONE TOUCH® caps are the most comfortable caps you will ever wear. The lightweight, stretch polyester fabric contours the shape of any head and provides that sought after, snug, but not tight, fit. Besides feeling great, the cap looks amazing.

Just one touch and you'll see why this will become your favourite cap to wear.
